

March, 2025

Congratulations on your acceptance!

The Office of Student Financial Aid & Planning serves as a resource and link to your funding sources. We provide financial literacy and debt management counseling for the College of Dental Medicine and for the Vagelos College of Physicians & Surgeons.

Your class will be assigned to a Financial Aid Officer who will determine your financial aid package and prepare your financial aid offer letter.

It is important to become an educated consumer and learn all that you can about the options that are available, given your personal financial situation. We will provide information, but keep in mind that financial aid is an environment subject to constant change due to new legislation and regulation.

Once you receive a separate email from our Office with instructions on how to access [NetPartner](#), please complete the **Aid Type Request Form on-line as soon as possible.**
